R. F. D. No. 2

April 19, 1928
Brigham City,
Utah.

Mr. George M. Bacon
State Engineer
Salt Lake City, Utah.

Dear Sir:

At a special meeting of the Stock Holders in the Perry Irrigation Company, at which the West Ditch Irrigation Co. and the North Ditch irrigation Company were also present, Mr. A. S. Williams, president of the Perry Irrigation Company, stated that he had recently met with you at Salt Lake City and had partly explained the difficulty we were having in our irrigation system.

It was agreed by all members present that a letter should be written to you requesting that you come up and go over the irrigation system of the Box Elder Creek and all water rights connected with it to find if some system could not be worked out where by all would be benifitted.

Trusting that you can favor us with an early date we remain-

Yours truly,

PERRY IRRIGATION COMPANY
