

August 18, 1937

Mr. Francis Lyman
Boulder, Utah

Dear Sir:

REL: DEER CREEK-BOULDER DISTRIBUTION

I am in receipt of your letter of August 10, inquiring if Henry J. Haws has made Application to this office to transfer or change the point of diversion and place of use of .25 sec. ft. of water. Said water was to have been transferred from the point of diversion in Sec. 13 to a point in Sec. 1., T. 33 S., R. 4 E., SLB & M. In reply, please be advised that I have had the records of this office checked and have been unable to find such a change of record.

With reference to Mr. Jerman making a trip to Boulder this month, may I advise that there are certain matters which he has in charge at this time in Southwestern Utah which will make it impossible for him to be at Boulder in the near future. If and when he comes your way, I will be glad to advise you, as suggested in your letter.

Yours very truly,

T. H. Humpherys
STATE ENGINEER
