

Boulder, April 15, 1930.

Mr. G. J. Goulding,
Panguitch, Ut.

Dear Joe:-

I thought I write you a few lines and find out what you had done in regards to the water. Henry Haws went up and put in the divider between him and me and we are getting the water in the ditches and eragation season is on and I need the water so hope you can do something in a few days.

I think the best way would be to have a man come from over their as these fellows are going to crop as hard as they can or run a bluff.

If we cant get a man over soon I will haft to do something with the divider he just put in.

I wish you could come over with the man you get to put them in. Let me know as soon as possible what you have done.

As ever

Bert Peters

P.S. Rosa got home all O.K.
