Mr. John H. Clark,  
Panguitch, Utah.

Dear Sir:

*Boulder*  
RE: DEER CREEK DIST.

Answering your letter of March 28 I would say that there must be some misunderstanding if it is expected that I take any official responsibility with reference to the proposed Articles of Incorporation. While I desire to be helpful in situations of this kind I must not take a position which excludes your having proper legal advice which I may not be competent to furnish.

Yours very truly,

State Engineer.
