Mr. Donald C. Norseth
Office of Utah State Engineer
State Capitol Building
Salt Lake City, Utah

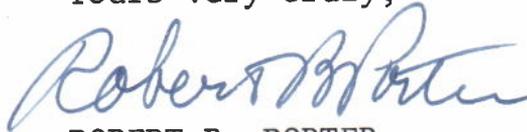

Dear Don:

As you requested, I am herewith enclosing a confirmed copy of the deed whereby all properties of Telluride Power Company were conveyed to Utah Power & Light Company.

Also, reference is made to the copy of the memorandum I handed you the other day as to water supply for our Carbon Plant on the Price River. I have revised that memorandum to make it somewhat more readable and I am attaching two copies. If you find it to be satisfactory, I will appreciate your sending one copy to your Price River Water Commissioner.

I trust that the foregoing will meet with your approval.

Yours very truly,

ROBERT B. PORTER
Assistant Attorney
