Mr. Robert L. Morgan, PE
State Engineer
Water Rights Division
1636 West North Temple, Suite 220
Salt Lake City, Utah 84116

SUBJECT: 1995 Irrigated Acreage Report For Welby Jacob Water users Company.

Dear Mr. Morgan:

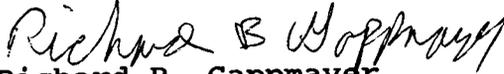

In response to your request for a report of irrigated acres for 1995, the Company has collected this information from its stockholders by means of individual questionnaires. The attached report lists acres to be irrigated, by township, range and section. This is a result of 23,938 shares of stock being reported.

There are 40,000 shares of stock in the Company, each yielding 1.0 acre-foot of water at the head of the laterals. Of the remaining shares of stock not involved in the attached report:

1. 6,198 Shares are owned by municipalities, such as Salt Lake County Water Conservancy District, Riverton City and South Jordan City: and
2. The Company did not receive a response from stockholders who own the remaining 9,002 shares.

I hope this meets your needs. Please call me 225-6746, or Richard Bay, Trustee, 565-8903, if you have any questions.

Yours truly,

Richard B. Gappmayer

c: Stan Dimond
Richard Bay
