Salt Lake City, UT 84127-0598

Dear Water User:

I want to thank you for your submittal of water quality and flow data as requested under the Interim Ground-Water Management Plan. Since your well is shallow, and there are few other rights in the area, the analysis you submitted to us is sufficient and additional water quality sampling will not be necessary. I would appreciate it, however, if you would continue to submit flow data.

We will keep you apprised of the current status on the ground-water management in the Salt Lake Valley. Once again, I appreciate your cooperation in this important matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert L. Morgan". The signature is fluid and cursive, written over a white background.

Robert L. Morgan P.E.
State Engineer
