Re: Beryl-Enterprise Escalante Valley  
Dist. Sys.  
Account No. 05-49

Dear Mr. Jones:

Your account on the Beryl-Enterprise Escalante Valley Distribution System has been delinquent for several years and now has a total amount due of \$157.61. Apparently the mailing address listed on the account has been outdated for sometime; we only recently became aware of your current mailing address.

The payment of the distribution assessment is important to the continued operation of the distribution assessment which insures the orderly and equitable distribution of water. You are hereby requested to pay the total amount due as soon as possible.

According to State Law (Section 73-5-1 of the Utah Code annotated 1953 as ammended), if you do not pay your water assessment the State Engineer will have no alternative but to forbid the use of water and or create a lien on the water right associated with this account.

If you have any questions concerning this account, please contact me.

Sincerely,

Lee H. Sim, P. E.  
Directing Engineer for  
Adjudication/Distribution
