Gentlemen:

Re: Documents needed for Subdivision Approval.

My firm is now in the process of completing a subdivision of land in Iron County, Utah to be known as Escalante Valley Ranches. The location of the development is as follows:

| | |
|----------------------------------|-------------------|
| All of Sec. 9, E½ S8, E½ S5 | T35S R17W SLB6N ✓ |
| W½ of Sec. 4, E½ S10, all of S24 | T35S R17W SLB6N ✓ |
| E½ of Sec. 20 | T35S R17W SLB6N ✓ |
| Most of Sec. 3 | T35S R17W SLB6N ✓ |
| S½ of Sec. 1 | T35S R18W SLB6N ✓ |
| N½ S23, E½ S24, S½ S26, NW¼ S26 | T35S R18W SLB6N ✓ |
| SW¼ of Sec. 33 | T34S R17W SLB6N ✓ |

We now need to acquire all of the documents that are required in order to qualify this subdivision in Utah and California and be issued a Final Subdivision Public Report.

In the enclosed envelope would you kindly forward a letter to me in which you set forth your policy and attitude towards applications for domestic wells. I also need to know your rules and regulations regarding sanitation, cess pools, septic tanks, etc.

Your cooperation will be greatly appreciated.

Very truly yours,
