Dear Water User:

According to the records in the State Engineer's Office, you have the right to divert water directly from Cottonwood Creek and use it for various purposes. Recently the State Engineer has been petitioned by some of the water users of Huntington Creek and Cottonwood Creek concerning the appointment of a "Water Commissioner to distribute the waters of Huntington Creek, Cottonwood Creek, etc."

So that this matter can be brought before the water users of Cottonwood Creek, there will be a public hearing conducted by representatives of the State Engineer's Office on February 5, 1980 at 1:00 p.m. in the Commissioner's Room of the Emery County Courthouse in Castle Dale, Utah. You are respectfully requested to attend.

If you cannot attend the hearing but would like to respond in writing, please feel free to do so prior to the hearing. Statements can be mailed to the State Engineer's Office, P.O. Box 718, Price, Utah 84501 or personally delivered to 74 West Main Street, Price, Utah 84501

Respectfully Yours,

Mark P. Page
Area Engineer
