Dear Mr. Justice:

On June 4, 1985, a check was sent to you for partial payment for work rendered on the installation of a weir on Deep Creek. This amount was sent to you as authorized by Mr. Arthur McKee, chairman of the Deep Creek Distribution System.

It was indicated that \$750.00 was the amount agreed upon and budgeted for installation of the weir. Before any additional payments can be made under this billing, authorization from the system chairman for payment must be given to our office and the budget account must have available funds to meet the expenditures. Therefore, may we suggest that you meet with the Deep Creek officials to resolve any questions you may have.

If we can be of further help, please contact our office.

Very truly yours,
