David Murray
Lapoint, UT 84039

Dear Mr. Murray:

At the meeting on Deep Creek where we had a very brief discussion prior, you asked to be advised of the proceedings of the meeting. This letter is in response to your request.

We established a budget the same as in 1976, and the commissioner (Charman Justice) gave a report on her activities. During the meeting it was brought out that there was some confusion as to the operation of the Blanchard Park Diversion, Julius Park Reservoir. It would be advisable that the irrigation company clarify this situation, particularly facing the type of year that it is becoming more apparent that we are going to have. It is necessary that:

1. The company open the Blanchard Park Diversion. I understand that you and Marvin Huber are going to do this.
2. The company designate one person to correlate the operation of Julius Park Reservoir with Mrs. Justice so that the water can be fully utilized. Please notify me of who your company representative will be.

In addition, it was brought out that apparently there is a lack of communication with the commissioner on Ashley Creek (Dave Rasmussen) as to the Blanchard Park diversion. I will write to Mr. Rasmussen and ask him to clarify his position on this diversion and notify you at a later date.
