

March 26, 1987

Mr. Steve Wilkinson
P. O. Box 23
McKinnon, Wyoming 82938

Mr. Wilkinson:

You were selected by the water users at the Burnt Fork - Birch Creek Distribution System Meeting to be the river commissioner for 1987. Since you were not at the meeting, it is requested that you respond to our office and indicate if you would like to continue in the position of river commissioner for this coming season on the Burnt Fork - Birch Creek System.

As of this date, the commissioner on the West Fork of the Beaver Creek has not been appointed. A continuation of the annual distribution system meeting is forthcoming. There were some issues concerning the exact responsibilities of the distribution system and commissioner at the annual meeting that required additional research. Once completed, a meeting will be selected and a commissioner appointed.

We will look forward to working with you should you be inclined to accept the position. Please respond to our office at your earliest convenience. Thanks for your help and past activities.

Sincerely Yours,

Kent L. Jones, P. E.
Directing Engineer, Distribution
