Dear Mr. Criddle:

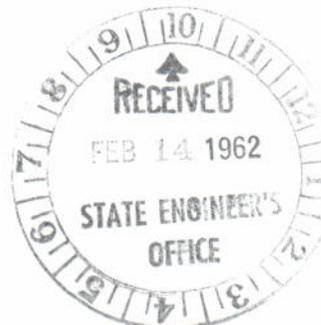

On January 11, 1962, we sent you a copy of the minutes of the annual meeting of the Ogden River Water Rights Assoc. which was held January 9, 1962. At this meeting the 1962 Budget was reviewed and approved by the Board. One item in this budget was for water users committee expense in the amount of \$870. We would appreciate receiving this amount in order that we might pay our directors for attending this meeting.

Yours truly,

E. J. FJELDSTED
Manager

MEMORANDUM

TO: Wayne D. Criddle

FROM: Donald C. Horseth

SUBJECT: Ogden River Distribution Assessments

Re: OGDEN RIVER DISTRIBUTION SYSTEM
MERTINOTI IRRIGATION COMPANY AND
LISIDE IRRIGATION COMPANY.

Reference is made to their letters received in this office dated February 2, 1962 protesting any assessment to them which would include the assessment of the Ogden River Committee of which they are not a part. They also submitted a protest verbally at the water users' annual meeting.

I do not believe that we should assess these two companies for this expense as they are not represented by the committee, but should have Frank deduct the committee's expenses from the budget in figuring the rate to be assessed against these two companies as a separate item then the rest of the system should pay the rate called for by the entire budget. We should, perhaps, discuss this at the earliest opportunity prior to the assessment being made on the Ogden River.
