

THE STATE OF UTAH
OFFICE OF STATE ENGINEER
SALT LAKE CITY

WAYNE D. CRIDDLE
STATE ENGINEER

February 15, 1963

**NOTICE TO WORK COMMITTEE OF WATER USERS OF THE VERNAL AREA
DISTRIBUTION SYSTEM:**

Enclosed are suggested Articles of Association for the proposed consolidation of Pot, Brush, and Ashley Creeks into the Vernal Area System. These articles were drafted along the lines of the discussion at our meeting of February 6, 1963. From our experience in other areas, we feel that written rules of procedure will be of great benefit in the efficient operation of your systems.

It is hoped that the committee members will review the proposed articles, make whatever changes you consider necessary and have them ready for presentation to the water users at our March meeting scheduled for 5:30 P.M, March 4, 1963.

We would hope to discuss this with the full committee at 3:00 P.M, March 4th prior to the general meeting with the water users at 5:30 that day.

Yours truly,

Wayne D. Criddle
