

May 3, 1929.

Mr. Wallace R. Wayman,  
Price, Utah.

Dear Sir:

RE: SPRING CANYON DIST.

I have your letter of May 1 advising me that recommendations with reference to a water commissioner on the Price River will be submitted shortly.

With reference to Spring Canyon it seems to me that the best procedure is to work out the idea of last year and insist on certain piping arrangements which, I believe, will insure the proper division of the water. I shall probably have to come down into Carbon County very soon and will allow time to go up in to Spring Canyon and give the situation a further examination.

Yours very truly,

State Engineer.
