Mr. Orson P. Madsen,
County Agent,
Price, Utah.

RE: SPRING CANYON DIST.
CARBON CO.

Dear Sir:

This is to acknowledge receipt of your letter of May 1st relative to the Demarco & Elgantti controversy.

I was glad to hear an agreement is in progress of perfection which you think will settle the matter between the two parties.

If, in the near future, you receive any other information relative to this matter we would appreciate your so notifying us.

In view of the fact that the parties do not seem to get along well when they are in a meeting together it would probably be well to draw up an agreement which you think is workable and take to each one separately for signature.

Yours very truly,

State Engineer
