Gentlemen;

RE: PRICE RIVER DIST.

Replying to your letter of May 27 I would say that I have been advised by telephone that Mr. Wayman, the water commissioner, visited these diversions last night and that Mr. DeMarec was not taking any water from Crystal Springs.

I believe that more satisfactory results can be accomplished if you will communicate directly with Water Commissioner Wallace R. Wayman at Price. It is impossible for me to keep in touch with details here in Salt Lake and I long ago made it a rule to take no affirmative action until I had had a chance to hear both sides of any controversy which means considerable delay in getting results.

Yours very truly,

State Engineer.
