AREA ENGINEER

April 7, 1972

Dear Road Creek Water User:

Re: Road Creek

At the annual meeting of the Lower Fremont River Distribution System, held in the Wayne County Courthouse on April 3, 1972 at 2:00 p.m. under the direction of Judge Ferdinand Erickson, the matter of the inclusion of Road Creek and tributaries or contributors thereto in the distribution system was discussed. It was decided that the Road Creek portion of the system would be operated semi-autonomously from the main system with respect to budget and assessment during 1972.

There will be a meeting at the Wayne County Courthouse, Loa, on April 13, 1972 at 7:30 p.m. to discuss the budget and assessments necessary to operate this portion of the Fremont River Distribution System during 1972. The method of distribution and operation for this portion of the system will also be discussed, as well as other problems which have been mentioned in previous meetings. The attendance of all concerned and interested parties at this meeting is requested and recommended.

Sincerely yours,

Kenward H. McKinney
