

March 16, 1936

Mr. J. T. Leigh,  
Cedar City, Utah.

Dear Sir:                   REL: COAL CREEK DISTR.

I have received, as of March 14, the minutes of the meeting which I held with the water users of Coal Creek; also a statement of the action which was taken following the meeting referred to by the Water Users Committee with respect to the recommendation of a Water Commissioner, to begin March 15 and end November 30, 1936.

I was rather in hopes that they would make the recommendation for the entire year which, if done, would save the reappointment which became necessary this year. However I suppose they know, and have done what appeared to be best in the matter.

While nothing was said in the minutes, it is presumed that they will raise the money from the water users and pay you, as Commissioner, for your services and expense. In the absence of a statement to the contrary, the records of this office will be made to so show.

Enclosed herewith please find your commission.

Yours very truly,

T. H. Humpherys
