Mr. Wayne Criddle,  
State Engineer  
State Capitol  
Salt Lake City, Utah

Dear Sir:

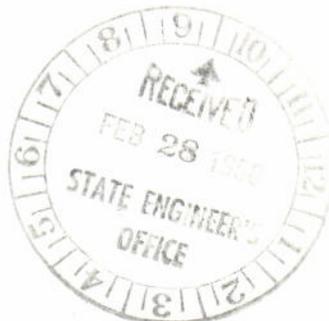

I have been informed by Mr. Thelmer Stratton that a Mr. Johnson had been in Cedar City last week and had informed him that a report was expected from the Water Commissioner for 1957. Mr. Stratton was in doubt as to what the report should be. In order to fill my duties completely I would like to know just what is expected of me in way of reporting.

If possible I would like to get this done before the spring run-off begins.

Thank you for your consideration.

Sincerely yours,

  
*Clement B. Adams*
