Hon. Melvin C. Harris,
Logan, Utah.

RE: MILL DAM DIST.

My Dear Judge:

I have before me your letter of Sept. 9 and I appreciate very much your attitude as therein expressed.

Since I wrote you I find that a meeting of the Colorado River Planning Commission which I must attend has been postponed from Friday of this week to Monday the 14th so that it will be impossible for me to go to Brigham City on that later day. If you are to be in Brigham City several days, I could probably come up later in the week.

To give you some idea of my position I am enclosing copy of letter to Mr. R.E. Davis under date of August 6, 1931.

Yours very truly,

State Engineer
