Dear Sir:

RE: SAND WASH DISTRIBUTION.

I have your letter of March 11 with reference to interference with Mr. Gurr and would say that it is difficult to take care of this situation if the County Attorney will not prosecute.

On the larger systems where the public sentiment is against interference with the water rights it is not difficult to obtain a conviction.

I suggest that you see Mr. Porter and obtain from him a definite statement as to his position in the matter.

Yours very truly,

State Engineer.
