RE: SAND WASH DIST:

Dear Sir:

I have your letter of July 7 and would say that I have not told Mr. N. G. Mitchell that I have some special instructions for you regarding his right. I am enclosing copy of letter from Mr. Mitchell dated Jan. 26, 1928 to which I replied that during the present season I would consult with you as to what might be done in the premises. Please let me have your comments and suggestions on this letter. I am writing to Mr. Mitchell with reference to headgate.

With reference to your bond I think that a renewal of the old bond is satisfactory.

Yours very truly,

State Engineer.
