

June 4, 1928.

Mr. Robert H. C. Marchant,
Ioka, Utah.

Dear Sir:

RE: SAND WASH.

Enclosed please find your appointment as Water Commissioner on Sand Wash for the present season.

In making this appointment I have explained to the Sand Wash Irrigation Company and the Dry Gulch people that the matter of protesting against Cannon should be in the form of a Civil action. There is no point in your being put in a position of giving orders which we cannot enforce.

Please let me know if the rate of compensation of last season is satisfactory and also the number of days this season which you estimate will be required for this matter.

Yours very truly,

State Engineer.
