

June 4, 1928.

Mr. Walter Baird, Secy.,  
Sand Wash Irr. Co.,  
Ioka, Utah.

Dear Sir:

RE: SAND WASH DIST.

I have your letter of June 1 and would say that I believe the Dry Gulch people will join you in an action against Mr. Cannon.

With an understanding as to the difficulty of handling the Cannon situation I am today appointing Mr. Marchant Water Commissioner for Sand Wash for the present season.

Yours very truly,

State Engineer.
