

February 16, 2001

To the water users on Raft River, South Fork Junction Creek, and Basin Creek

During this past year, we received a written request for an investigation of the distribution of water rights on the streams named above. In response to this request, the Division of Water Rights made a field inspection of the area and a thorough research of our records. On the basis of this effort we have prepared the enclosed **draft** priority schedule and map of the affected points of diversion.

We would like to meet with the water users to discuss the **draft** priority schedule and whether or not it should be adopted in the regulation of water diversions on the above-named streams. Therefore, under authority of Title 73 Chapter 5, Utah Code Annotated, 1953, a meeting of the water users on the above named streams and representatives from the Division of Water Rights will be held **Friday, March 2, 2001, at 2:00 p.m., at:**

The Raft River Rural Electric Association
Board Room
Malta, Idaho

If you have any questions concerning the **draft** priority schedule prior to the meeting, please contact me at (801)538-7380 or Bob Fotheringham at (435)752-8755.

Sincerely,

Lee H. Sim, P.E.
Assistant State Engineer for Distribution
