

July 1, 1935.

Mr. Marl W. Johnson,
Rural Rehabilitation Supervisor,
Emery County,
Castledale, Uth.

RE: GENERAL

Dear Sir:

This will acknowledge receipt of your letter of June 28, 1935, asking for data concerning the division of water of Muddy Creek, Emery County, between Emery Irrigation Company and the Rochester Independent Canal and Irrigation Company.

In reply, please be advised these rights, or the rights of these companies, are set forth in a decree, "Independent Canal and Reservoir Co. et al, plaintiff, vs. Emery County Land and Livestock Co. et al, defendant", signed by the Honorable George Christensen in October 1918. A copy of this decree, I am sure, can be obtained from the County Clerk's office in Emery County.

Yours very truly,

T. H. Humpherys,
STATE ENGINEER.
