

July 25, 1928.

Mr. Wallace Case,
Emery, Utah.

Dear Sir:

RE: MUDDY DIST.

Thank you for your letter of July 23 advising me that you will accept a compensation, as water commissioner on the Muddy River, at \$50.00 a month for the balance of the season. This is satisfactory and I am sending out the assessment notices on that basis.

Yours very truly,

State Engineer.
