Re: May 1 Election

Dear Stan:

April 30, 2013 the State Engineer received notice that the Provo River Water Users Association elects to receive 10,000 acre-feet of water pursuant to paragraph 9(b) of the Deer Creek/Jordanelle Reservoir Operating Agreement.

The Provo River Water Users Association assumes from Central Utah Water Conservancy District the responsibility to replace energy losses at the Olmsted power plant incurred storing the 10,000 acre-feet.

Please transfer ownership of 10,000 acre-feet of storage water in accordance with paragraph 9(b) of the Deer Creek/Jordanelle Reservoir Operating Agreement as of May 1, 2013.

Regards,

Sue Odekirk, P.E.  
Provo River Distribution Engineer
