

February 19, 1962

Mr. J. Earl Hodges  
225 N. Temple City Blvd.  
El Monte, California

Dear Mr. Hodges:

RE: CEDAR CITY VALLEY ADJUDICATION

A copy of your letter of February 2, 1962, has been forwarded to our Area Engineer in Cedar City, Utah, with instructions to contact both Mr. J. Henry Grimshaw and Mr. Henry Wood to verify the meter numbers and to determine the locations at which the meters in question have been installed.

Whenever Mr. Hensley is ready to make the change-over he should contact our representative:

Mr. Dee Hansen  
Utah State Engineer Area Office  
83 North 100 West  
Cedar City, Utah

far enough in advance so that Mr. Hansen can plan to assist him in locating the wells.

I appreciate your early response to my letter and your company's willingness to make the conversion without added cost to the purchaser.

Yours very truly,

Wayne D. Criddle  
STATE ENGINEER
