HC 61 Box 191  
Fremont, UT 84775

Dear Randy:

You have been selected by the Lower Fremont River Distribution System interview committee as their recommendation to be appointed as the water commissioner for the Distribution System.

As we explained during the interview, the committee's recommendation will be presented to the Lower Fremont water users at the annual distribution system meeting scheduled for Wednesday February 5, 2014 at 3:00pm. We will send you a notice of the meeting with the meeting place and agenda. Please plan to attend.

We expect the water users to ratify the interview committee's decision, you will be recommended to the State Engineer for appointment as the water commissioner. Having sat in on the interviews, the Division staff has no concerns about your qualifications to serve as water commissioner and could fully support the water users recommendation. After the meeting, an official appointment letter will then be sent and arrangements will be made to provide training pertinent to the water commissioner position.

If you have any questions between now and the annual meeting, please contact either of us.
