Dear Mr. Jones:

Please accept this as my letter of resignation from the position of Water Commissioner of the Weber & Ogden Distribution Systems, effective seven weeks from today. My last day as commissioner will be September 5th, 2014.

I have accepted another position that will further the growth and development of my career. I have very much enjoyed working as the Water Commissioner of the Weber & Ogden Distribution Systems and will miss working with my colleagues. This wasn't an easy decision. However, after much consideration my decision is now final.

During the next seven weeks, I am willing to help you, in all ways, to make this transition as smooth as possible. This includes assisting in recruiting and training my replacement. Please let me know if there is anything specific that you would like me to do.

I wish all the water users success in the future.

Respectfully submitted,

Reed A. Cozens
Weber & Ogden River Commissioner
