SPENCER J. COX
Lieutenant Governor

State of Utah

DEPARTMENT OF NATURAL RESOURCES

MICHAEL R. STYLER
Executive Director

Division of Water Rights

KENT L. JONES
State Engineer/Division Director

Mapping Commissioners: Todd, Shayne and Monti:

2/3/2015

Attached are the aerial imagery for your area for 2014 on the enclosed flash drive. I will want the flash drive back at the annual meeting so I am providing it to you now, **you need to download the data and return the flash drive to me at the meeting....**

Lee Eschler has extracted and re-projected your area's images, based on quad maps.

- **You do not need to reproduce maps for this year's (2015) meeting.**
- **This is simply new air photo mapping data to use in mapping-regulation efforts in the coming irrigation season.**

There are county mosaics that were flown this last summer. They have not been completely corrected for color or accuracy. They can also be downloaded by county (<ftp://ftp.agrc.utah.gov/NAIP/NAIP2014/>). It is more than 1.7GB of data so it will take a while to download, plus it is projected in NAD83.

Note:

If you have old ArcView 3.x or have you upgraded to ArcGIS?
--ArcGIS will project the image on the fly.
--ArcView 3.x will not.

See you in a couple of weeks for the Annual Meeting

As always call if you need anything, (801) 538-7430

Sincerely,

Mike Silva
Distribution Engineer
