Executive Director

Division of Water Rights

KENT L. JONES
State Engineer/Division Director

February 18, 2015

Jeff Medlin
P.O. Box 160
Glendale, Utah 84729

Dear Jeff:

On the occasion of your pending resignation, I would like to take this opportunity, as the State Engineer, to thank you on behalf of the Division of Water Rights, the Distribution Section staff, and the Regional Office staff for your last four years of service as Water Commissioner for the East Fork Virgin River Distribution System.

The position of Water Commissioner is a demanding and sometimes thankless responsibility, and yet, you have always carried the responsibility with dignity and diplomacy. Your involvement with water regulation on the East Fork Virgin River has ensured a consistent and equitable distribution of water.

The job of Water Commissioner was made more difficult by the very nature of the East Fork, which has presented many challenges over the years from periods of drought to periods of flooding, many times occurring during the same year. Your experience with the river, the area, and the people has allowed you to provide invaluable assistance in meeting these challenges.

Again, our many thanks for the many years of outstanding service you have rendered to the East Fork Virgin River water users and to the State of Utah. Mike Silva, Distribution Engineer, was reflecting that he enjoyed his time with you and appreciated your diligent efforts on running the river.

Sincerely,

Kent L. Jones, P.E.
State Engineer
