That the River Commissioner be directed to distribute the water of the streams and reservoirs involved in accordance with this Court's Interim Order and to do all things necessary for the proper and correct measurement, diversion and distribution of said waters, in accordance with the Decrees of the Federal District Court and state laws.

That the River Commissioner is directed to confer with the committee in developing a schedule for distribution of water, specifically, the manner in which the waters of the Uinta and

That the River Commissioner is directed to deliver and distribute the waters of such non-Federal water rights in the Uinta and Whiterocks Rivers, in accordance with the proposed Schedule of Distribution, attached hereto as "Exhibit B" and the Order of the State Engineer dated October 4, 2010 which is attached hereto as "Exhibit B1".

This may include resolving conflicts with individuals, getting help from the River Committee, involving the State Engineer's help or ultimately involving the State District Court. The methods used to resolve the problems should start easy and simple and pleasant as possible and go on to the next stage only as needed.

The year end report needs to be accurate and complete for all companies and ready for the River Committee budget meeting no later than December 1st.
