Dear Cedar Valley Pumpers Committee:

As I indicated in a phone call with each of you, on or around May 1<sup>st</sup>, we were in discussions with Monte Rugebregt, the Water Commissioner, about deliverables for Mapping and monitoring of the Cedar Valley Pump Distribution System. After some discussion, he resigned from the position.

To finish out the current season and still maintain monitoring of the valley, we have assigned April McKeon to fill in as the Water Commissioner for the balance of this year. She has experience and has been working as the Water Commissioner for the Milford Valley since 2007. She has an understanding of the work involved and is willing to make the effort to complete what is needed for this season.

The Division plans on going through the hiring process, as required by administrative rules, sometime in the late fall, prior to the end of the year. Through this process we will solicit your help and input and hope to select a replacement water commissioner for the next 4 years starting in 2018.

If you have any questions or comments please contact me at 801 538-7430 or by email at [MikeSilva@utah.gov](mailto:MikeSilva@utah.gov)

Sincerely,

Mike Silva  
Distribution Engineer
