Executive Director

Division of Water Rights

KENT L. JONES
State Engineer/Division Director

August 17, 2017

Dear Circleville Water User:

Due to my misunderstanding of water use in Circleville, most of the 2017 annual assessments were erroneously calculated.

After discussions with water users and representatives of Circleville and Loss Creek Irrigation Companies, we agreed that Circleville water is being used as described on the enclosed chart.

In order to correct the assessment errors, each Circleville assessment account has been credited the amount assessed April 20, 2017. Any delinquent fee added since April has also been credited. Each account was re-assessed August 16, 2017.

Water users who already made a payment in 2017 may choose to settle the new balance now, or wait until after the April 2018 assessment to settle their accounts.

Water users who have not made a payment in 2017 are asked to please remit the outstanding balance at this time.

I apologize for the inconvenience of having to re-do these assessments. Water users' help with corrections and prompt payment is much appreciated. Please call me at (801) 538-7431 with any questions. Thank you.

Sincerely,

Sue Odekirk, P.E.
Sevier River Distribution Engineer

Enclosure
