RE : MONTEZ DIST.

Gentlemen:

It is expected that some member of this office will be at Duchesne on March 11 for a meeting of the Duchesne river water users. On the same trip I desire a meeting of Messrs. Bryant and Hoyt and the officers of the Dry Gulch Irrigation Company, probably at 8 p.m. o'clock in the offices of the Dry Gulch Irrigation Company at Roosevelt, to discuss the Montez creek distribution.

Will you be kind enough to indicate whether this date, time and place of meeting be convenient and if it will be possible for you to be in attendance.

A prompt reply will be greatly appreciated.

Yours very truly,

T.H. Humpherys,

STATE ENGINEER
