Dear Madam:

RE: MONTEZ CREEK DIST.

This will acknowledge receipt of your letter of July 15th asking for the appointment of a Water Commissioner on Montez Creek in the person of Bernie Colton. This is to advise you that I will be glad to appoint Mr. Colton to represent me in the division of the water ~~of~~ you and your associates, providing, of course, that he is willing to undertake such work and that you will remunerate him for his services and expense without any cost whatsoever to this office.

I suggest, therefore, that you take this matter up with Mr. Colton and make your own terms as to payment, etc., after which please advise what can be done in the matter. If Mr. Colton will act there will be no delay in his appointment.

A copy of your letter and my answer is sent to Mr. Colton also to Mr. Galloway, Secy., Dry Gulch Irrigation Company, for the information of each.

It is noted what you say relating the dangerous material proposed for the Montez dam. You are informed that we are fully informed on this matter and due caution will be exercised by both the Dry Gulch Irrigation Company and this office.

Yours very truly,

T. H. Humphreys,  
STATE ENGINEER.
