Re: Diversion of Provo River Decree ¶4d Water

Dear Scott,

Paragraph 4d of the Provo River Decree allows Provo City to divert up to 65 cfs during the non-irrigation season. This letter is to notify you that Provo City plans to exercise this right this season. On or about January 30, 2019, Provo City will begin diverting up to 15 cfs at the diversion just north of 2230 North on the Provo River. Provo City will meter all diversions (amount and duration) and report them to you.

Thank you for your attention to this matter.

Sincerely,
