Stanley Anderson
Deputy Water Commissioner
900 Ogden Canyon
Ogden UT 84401-0951

Dear Stan:

I would like to thank you for your service as the Deputy Water Commissioner on the Weber River and Ogden River systems. Our records indicate you became Deputy Water Commissioner in 2005, which represents 14 years of service.

Your work and service on the lower sections of these two river systems have provided important water delivery and measurement records to the State of Utah and the water users. Your records are important to many individuals and entities, and help maintain order and certainty in the beneficial use of Utah's water on these two systems.

Your experience with the many river diversions, the area, and the people involved have enabled you to meet the many challenges associated with water measurement, distribution and reporting.

Again, my thanks from me and my staff for your service as Deputy Water Commissioner on the Weber and Ogden river systems. We wish you well in your future endeavors.

Sincerely,

Kent L. Jones, P.E.
State Engineer
