RE: Deputy Water Commissioner Appointment

Dear Brayden:

The Utah Lake/Jordan River water users met on April 25 to select a new deputy water commissioner to the position formerly held by both your father and grandfather. The water users recommended you to this position. You are hereby appointed Deputy Water Commissioner on the Utah Lake/Jordan River at the Jordan Narrows, pursuant to state rule R655-15.

Measuring, regulating, and reporting water deliveries/diversions are important. Water is distributed to rightful users based on water supply and water rights. Your efforts and recordkeeping help achieve the mission of the Division of Water Rights to provide order and certainty in the beneficial use of Utah's water. As you become more familiar with water measurement, we anticipate you will have questions. Please direct your questions to John Larsen, Utah Lake/Jordan River Water Commissioner, at (801) 541-7012. Our staff may also assist John in answering questions.

As irrigation season is underway, it is important that you follow the online instructions to accept the position and complete the required onboarding process to become an employee to receive salary as soon as possible. The Utah Department of Human Resources Management (DHRM) will email you instructions on how to do this. If you have any questions you may contact them or call Patsy Baggs, our Accounting Technician, at (801) 538-7424. Upon completing this process, you will have an employee login on <https://dhrm.utah.gov/gateway> where you will access your payroll information and report hours worked. I and my staff wish you success.

Sincerely,

Kent L. Jones, P.E.
State Engineer
