Los Angeles, California**

**Dear Sir:**

Your letter of June 30, 1966 has been forwarded to this office for consideration and action. We regret that other matters have delayed the acknowledgment of this letter.

In answer to your questions:

1. Your right as described by award 98 in the Beaver River Decree grants to you the right to divert from the Beaver River sufficient flow to make up the 1.0 sec.-ft. claim. It mentions nothing of the flow coming into the reservoir.

2. To change the point or points of diversion, place and nature of use it will be necessary to file the proper application with this office along with the prescribed filing fee.

Additional information may be obtained by contacting this office and submitting more specific data. Please contact us if we may assist you further.

Yours truly,

**Gerald W. Steber  
AREA ENGINEER**

**GWS/cm**
