Dear Mr. Christensen:

Re: Beaver River Dist. Sys.
Account 03-4

We received your letter regarding the above account and understand your concern. Our record shows this account is in your name and you will be receiving the assessment notices.

Also, our record shows Gordon Roberts did pay a total of \$27.37. The total due including delinquencies in 1988 was \$18.38 so the account ended up with a \$8.99 credit. After paying the 1989 assessment of \$5.00 from that credit, there is now a credit of \$3.99.

Sincerely,

Bonnie D. Duncan

Dear Sir:

I own property in Beaver, Utah, and the water rights for that property. In the past the land was owned by Garth Bakes. Since I have owned the land, it has been farmed by Gordon Roberts who also payed the water fees while he used my land.

I wish to pay the water fees which I have been told are in arrears. The property is on the Brunson Ditch, Beaver River Water District. Please correct your information as to the ownership of the property and send me the amount I owe and I will pay it promptly.

Sincerely,

Vern Christensen
