Dear Mr. Chesley:

Re: Beaver River Dist. System
Account 03-18

River Commissioner, Ron Roberts has informed us you own water rights 77-657 & 77-676, which are regulated under the Beaver River Distribution System. The distribution account number associated with these rights is 03-18 and our records show the previous owners were Roy & Margaret Barton. We are enclosing, therefore, the 1993 assessment notice for the above mentioned water rights.

The distribution system is regulated by the State Engineer under authority of Section 73-5-1, Utah Code Annotated, 1953, as amended to insure orderly distribution of water based on water rights. A budget is set and assessments are made each year to meet the expenses of the distribution system including the commissioner's salary. The budget and assessments are set by the water users at the annual distribution meeting with the State Engineer. If assessments are not paid by June 1st a delinquent penalty of 10% is added.

We have updated the distribution account showing you as the responsible party. However, our records show the Bartons are the owners of the water rights, and in order to officially change the ownership of the water rights, you will need to send us a copy of the Warranty Deeds showing the transfer of title from the current owners of record to you.

Copies of deeds transferring title of ownership of water rights should be forwarded to Judy Barbour in this office.

If you have any questions, please either call Ron Roberts at 438-2473 or Gerald Stoker at 586-4231 or myself at 538-7431.

Sincerely,

John S. Larsen
