Dear Ron:

Re: Pay Checks  
Beaver River Dist. Sys.

Enclosed is a printout which shows the amount budgeted for commissioner's salary on your system, the salary payments that have made to you up to November 6th, the total paid up to November 6th, and the balance remaining in the budget.

The State Department of Finance set up a payroll schedule which resulted in 27 bi-weekly paychecks for the year 1992. However, you have received payroll checks at a salary rate based on 26 bi-weekly paychecks. Therefore, on December 18th you will receive your last paycheck for 1992 which will completely pay off the salary for any balance left in the salary budget.

The next paycheck that you receive will be on January 15, 1993. This will get us back on the same payroll schedule as the State and there will be 26 regular paychecks throughout next year.

I am sorry if this causes you any inconvenience. If you have any questions about your paycheck or about this situation, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Lee H. Sim".
