TO: Ron Roberts

FROM: Bonnie Duncan *Bonnie*

SUBJECT: Beaver River Distribution System Accounts 03-13, 03-15, 03-46, 03-87, 03-103, 03-120, 03-142, 03-145C, 03-177 for Roy Yardley

Roy Yardley, was late paying his accounts for 1990. His payment was receipted in our office on January 14, 1991. However, the payment was short and a balance of \$9.00 plus a delinquent charge, which was added on June 1, 1990, is still owing on Account 03-13.

On April 9, 1991 we mailed out the 1991 assessments. These have not been paid and are still due. The 1992 assessments will be mailed sometime between February 20th and April 30th of this year. If he will pay the total due on the 1992 assessment notices he will be paid up on all his accounts.

Ron, as you may know all regular assessments by law, must be mailed out by April 30th. However, if they are not paid by June 1st a delinquent charge is added to the regular assessment and a second notice (delinquent notice) is mailed.
