**Re: Water for Quarry Mountain Ranch Irrigation Water Use Plan 2014  
Irrigation Season**

Dear Mr. Anderson:

In response to your letter of December 12, 2013, I am filing our 2014 Water Use Plan for the Quarry Mountain Ranch. All irrigation this season will be confined to the existing Quarry Mountain Ranch subdivision in accordance with the completed development and under approved change application a36389 (35-12443).

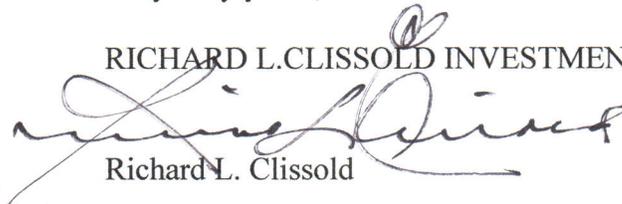

The other water rights held by Richard L. Clissold Investment Company are currently in non-use status.

I wish to confirm that the plan limits are within the company's water rights limits. The various points of diversion are all approved under the above referenced change application a36389, and that no new water rights or water contracts have been acquired.

Let me know if you have any questions.

Very truly yours,

RICHARD L. CLISSOLD INVESTMENT CO.
