Subject: Public Comment Regarding Pahvant GWMP
To: <waterrights@utah.gov>

Mrs. Wilhelmsen,

I am writing to express my desire to serve as a member of the committee that will assist in the development of a groundwater management plan for the Pahvant Valley. I feel that I have the time, understanding, and resources necessary to serve and feel that I could contribute to the committee in a meaningful way.

Since the meeting on Nov 13th 2024, I have spoken with at least 35 water users in the area. Together we have discussed items that we feel should be part of a groundwater management plan. I look forward to the opportunity to share these and other ideas as we council together in person. I recognize that this plan will have a major impact on current and future generations. As one of the larger water users in the Pahvant Valley I want to help be part of the solution and together develop a plan that fits the needs of everyone involved, now and in the future.

Please feel free to contact me and let me know when the committee meetings will be held. I look forward to hearing from your office.

Regards,

Kyle Swallow
